Info

Google Developer Groups (GDGs) are local communities of developers interested in Google's developer technology; everything from the Android, Chrome, Drive, and Google Cloud platforms, to product APIs like the Cast API, Maps API, and YouTube API.

Our group focuses on Android. We are the only group in Montreal that offers Meetups exclusively about Android. Montreal's Android developer and user community is a vibrant and active one. We've been meeting regularly since January 2010. As of November 1, 2016, we've hosted 36 events with an average of 47 people per Meetup.

Become a Sponsor

To become a sponsor of a Meetup, sponsor of our GDG Android Montreal group or for any other questions, please contact sponsors@android-montreal.com with the desired sponsorship level.

Sponsors will be ordered by donation amount, on a first-come, first-served basis for promotional items.
